

**As part of your FAIM enrollment, you have the option to save
by having funds directly deposited into your savings account**

Payroll: Your employer may give you the option to deposit funds into more than one account. Check to see if you could have a specific amount deposited to your FAIM account every paycheck.

Tax returns: The IRS allows you to deposit your refund into more than one account. You can designate a smaller amount to go to your FAIM account and have the rest sent to your primary account.

An existing bank account: If you have an existing checking or savings account, ask your bank about setting up an auto debit on a monthly basis. They will provide a form for you to fill out to make this request.
